Part B

Payment Collection Fee

- Sellers will be charged for using payment gateway and other payment collection methods like Cash-on-Delivery.
- Seventh Square ensures maximum availability of payment methods to customers/users of the platform and a simpler remit to the sellers.
- A fee of 3% on selling price will be charged as Payment collection fees.
- This payment collection fees is for using the online payment gateway and/or for cash collection by courier partners.

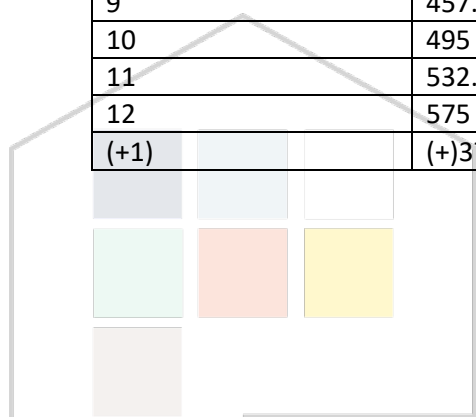

Part C

Shipping Fees

- The following shipping fees will be deducted from the selling price.
- Shipping fees can be adjusted within the selling price or shown differently to the buyers as delivery fee (completely or partially).
- Shipping fees is based on Product weight (Dead weight or Volumetric) and Shipping Destination.

- However, Seventh Square has simplified the shipping price for sellers as well as buyers.
- Volumetric weight will be calculated as : $\text{Length} \times \text{Breadth} \times \text{Height (in cms)} / 4000$. The resulting number would be considered in Kgs.
- Higher or the Dead Weight or Volumetric Weight would be considered for shipping cost.
- If, by mistake, the seller enters the wrong weight (as per guidelines), the courier partner will update it and if any gain/loss would be borne by the seller.
- The rate card is exclusive of Taxes i.e. 18% GST. Input tax credit can be claimed by the sellers on the same.
